

Welcome to the first edition of the

# OpenPlanetary Data Cafe

Conveners:

Angelo Pio Rossi

Alessandro Frigeri

Mario D'Amore

Nicolas Manaud

EPSC 2017 Riga, Latvia

# OpenPlanetary

*We are planetary scientists, scientific programmers and planetary science enthusiasts who come together to discuss and develop solutions to common planetary research and data analysis problems.*

# The OpenPlanetary Data-Cafe

Within the EPSC Scientific Congress, we like the idea to have a space where researchers with any level of experience in Planetary Data analysis and programming can meet

# Menu of the day
